USE OF SCHOOL FACILITIES

The Roselle Park School District acknowledges that district facilities belong to the community, which paid for them for the primary purpose of offering a full educational program for its children. Prudent use and management of school facilities outside of the regular operating schedules--providing that such use does not interfere with the orderly conduct of a thorough and efficient system of education--allows the community to benefit more broadly from the use of its own property.

The board will permit the use of school facilities when such permission has been requested in writing and has been approved by the building principal and the chief school administrator for:

A. Uses and groups directly related to the school and the operations of the school;
B. Uses and organizations indirectly related to the school;
C. Departments or agencies of the municipal government;
D. Other governmental agencies;
E. Community organizations formed for charitable, civic or educational purposes.

The use of school facilities shall not be granted for the advantage of any commercial or profit-making organization, private social functions, or any purpose which is prohibited by law.

In the event the superintendent deems it advisable, any application may be submitted to the board of education for action.

The superintendent or board of education may refuse to grant the use of a school building whenever in their judgment there is good reason why permission should be refused.

Smoking is prohibited at all times in any district building or on school grounds. For purposes of this policy, "smoking" means inhaling the burning or vapor of a lighted cigar, cigarette, pipe, electronic smoking devise or any other matter or substance which contains tobacco. Chewing tobacco is also specifically prohibited by this policy. No one may bring alcoholic beverages onto any school property. All facility use shall comply with state and local fire, health, safety and police regulations.

The buildings shall not be available for community use during holidays, vacation periods, or during the time school is not in session over the summer when the programs interfere with cleaning and maintenance schedules.
USE OF SCHOOL FACILITIES (continued)

All groups requesting use of school gymnasiums or athletic fields may submit their application up to 15 days before the following seasonal periods: September 1 – November 30 (application due by August 16 or the next business day); December 1 – March 15 (due by November 16); March 16 – June 30 (due by March 1). Use of school facilities should only be for the hours necessary as indicated on the application. No changes can be made to established schedule after the start date.

Use of school equipment in conjunction with the use of school facilities must be specifically requested in writing and may be granted by the procedure by which permission to use facilities is granted. The user of school equipment must accept liability for any damage to or loss of such equipment that occurs while it is in use. Where rules so specify, no item of equipment may be used except by a qualified operator.

Use of district equipment on the premises by nonschool personnel is limited to the equipment that is an integral part of the facility being used, i.e., the stage lights and piano in the auditorium, the basketball baskets in the gym. No district equipment shall be removed from the premises for use by nondistrict personnel.

The board shall require that all users of school facilities comply with policies of this board and the rules and regulations of this district. Each user shall present evidence of the purchase of organizational liability insurance to the limit prescribed by such rules.

Authorization for use of school facilities shall not be considered as endorsement of or approval of the activity, person, group or organization nor the purposes they represent.

Political Activity

As used in this section, “school property” shall mean a building or buildings used for school operations.

Candidates for elective public office, holders of elected public office or their agent or representative are prohibited from soliciting campaign contributions on school property. No person shall make contributions, directly or indirectly, to or on behalf of any candidate for elective public office, or the candidate committee or joint candidates committee for any such candidate, while on school property.

This shall not apply to persons or groups reserving or renting school property for a nongovernmental purpose as a meeting location.

Any person in violation of this policy may be reported to the Election Law Enforcement Commission and liable to a penalty of not less than $5000, for each violation.

EMPLOYEE HEALTH

When a candidate has been given a conditional offer of employment, he/she shall be required to submit to a medical evaluation and a physical examination. This physical examination may include testing for controlled dangerous substances as they are defined in the criminal code. Elements of the examination of newly employed staff shall include but not be limited to those physical exam elements listed in administrative code.

Employees may be required to undergo an annual physical examination.

The results of all required employee medical examinations shall be made known to the superintendent on a confidential basis, discussed with the employee, and made a part of his/her confidential medical record. Records and reports of examinations shall be filed with the district medical inspector as confidential information but shall be available to and reported to appropriate health agencies as required by law. In the event an employee of the board shows evidence of deviation from normal physical or mental health, the district may require additional individual psychiatric or physical examinations of the employee. When an additional psychiatric or physical examination is required:

A. The board shall provide the employee with a written statement of reasons for the required additional examination. The district board of education shall provide the employee with a hearing, if requested;

B. The determination of the board hearing if requested shall be appealable to the commissioner;

C. The employee may, without reprisal, refuse to waive his or her right to protect the confidentiality of medical information.

The report of the required psychiatric or physical examination shall include a statement by the examining physician as to any physical or mental condition noted likely to prevent the person examined from performing all duties and responsibilities of the position sought or occupied, or a statement that no such condition exists in order to protect the students and staff in the district schools, all regulations of the State Department of Education, the State Department of Health and the local board of health shall be scrupulously observed, particularly those dealing with contagious/infectious diseases.

In the event an employee of the board has been determined to have a mental abnormality or communicable disease or exhibits symptoms of substance abuse and, if in the opinion of the district medical inspector such condition makes the employee unfit for continued employment, the board may remove the employee from further service as provided by law or grant leave as provided by law during the period of unfitness. An employee determined to be unfit must provide the board with satisfactory proof of recovery before reinstatement will be allowed.
EMPLOYEE HEALTH (continued)

In order to protect the pupils and staff in the district schools, all regulations of the State Department of Education, the State Department of Health and the local board of health shall be scrupulously observed, particularly those dealing with contagious/infectious diseases. Staff who have been identified as having a communicable disease shall not be permitted continued employment unless they qualify under the above agencies’ rules pertaining to periods of incubation, communicability, quarantine and reporting.

When required examinations are performed by a physician designated by the board, the board shall bear the expense. Should an employee prefer to see his/her own physician, with board approval, the employee shall bear the expense.

Occupational Containment of Bloodborne Pathogens

The board is committed to provide a safe and healthful work environment for staff. In pursuit of this endeavor, an Exposure Control Plan (ECP) shall be provided to eliminate or minimize occupational exposure to bloodborne pathogens in accordance with federal regulations.

The ECP is a key document to assist the district in implementing and ensuring compliance with the OSHA bloodborne pathogens standard, thereby protecting employees. This ECP includes:

A. Identification of tasks, procedures and job classifications where occupational exposure to blood occurs;
B. Procedures for evaluating the circumstances surrounding an exposure incident; and
C. The schedule and method for implementing the specific sections of the standard, including:
   1. Methods of compliance;
   2. Hepatitis B vaccination;
   3. Post-exposure evaluation and follow-up;
   4. Hazard communication requirements;
   5. Effective employee training;
   6. Recordkeeping.

The ECP shall be reviewed annually to ensure that it reflects use of the most current medical technology.

Implementation and Dissemination

The superintendent in consultation with the district medical inspector shall prepare regulations to implement this policy in compliance with law and code. All employees shall receive this policy and be made aware of all requirements for health examinations.

The Roselle Park Board of Education recognizes its legal obligation to provide inservice activities that are aligned with student learning and educator development needs, and school, district, and/or State improvement goals. It is the board’s priority that continuing education for teaching staff focus on the improvement of teachers’ and school leaders’ effectiveness in assisting students in the achievement of the Core Curriculum Content Standards (CCCS) including the Common Core State Standards (CCSS) in mathematics and language arts and literacy.

The superintendent shall develop a comprehensive management system for staff professional improvement and shall assist staff members in the area of professional improvement by providing relevant information regarding workshops, professional meetings and course offerings. Professional learning shall incorporate coherent, sustained, and evidence-based strategies that improve educator effectiveness and student achievement, including job-embedded coaching or other forms of assistance to support educators’ transfer of new knowledge and skills to their work.

Professional Development for School Leaders

“School Leader” means administrator whose position requires possession of a school administrator, principal, or supervisor endorsement.

All active school leaders serving on a permanent or interim basis shall complete training on issues of school law, ethics, governance, and harassment, intimidation, and bullying (N.J.S.A. 18A:26-8.2); and other statutory requirements related to student safety and well-being. To meet this ongoing requirement, the specific training needs of each school leader will be reviewed annually as part of the professional development planning process.

A. School Leaders

The superintendent, principals, and supervisors shall fulfill the professional development requirement through the creation, implantation, and completion of a professional development plan that:

1. Aligns with Professional Standards for School Leaders and the Standards for Professional Learning;
2. Derives from the results of observations, evidence, and recommendations included in the annual performance evaluation of the superintendent, principals, or supervisors;
3. Identifies professional goals that address specific individual, school, or district goals; and
4. Grounds professional development activities in objectives related to improving teaching, learning, and student achievement, and in support of the school and/or district professional development plan.
B. Professional Development Requirements for the Superintendent

The board of education shall oversee and review the superintendent’s professional development. The professional development shall be linked to individual, school, and district professional development goals and to the district’s professional development plan.

The board of education shall review the professional development plan. The superintendent shall provide to the board of education annual evidence of progress toward completion of the professional development plan and summative evidence of plan completion every three to five years, depending on the superintendent’s contract with the board of education.

In cases where there is disagreement between a superintendent and his or her board of education regarding plan contents or progress toward completion, the superintendent may appeal to the executive county superintendent, who will have final decision-making authority on all such matters.

C. Professional Development Requirements for Principals, Supervisors and Other Administrators

The superintendent shall oversee and review professional development for each principal and supervisor. The professional development shall be linked to individual, school, and district professional development goals and the district’s professional development plan.

Leaders whose positions require a principal or supervisor endorsement shall have an annual plan developed in collaboration with the superintendent, or designee holding a superintendent endorsement. Leaders whose position require a superintendent’s endorsement but do not serve as a superintendent of the district shall have an annual plan developed in collaboration with the superintendent, or designee holding a superintendent endorsement.

The superintendent, or designee holding a superintendent endorsement, shall meet with the principal, supervisor, or other school administrator at mid-year to assess progress toward completion or modification of the plan. The superintendent, or designee holding a superintendent endorsement, shall review the status of the professional development plan as part of the principal’s, supervisor’s, or other district administrator’s annual performance evaluation.

D. Evidence of Progress

Each active school leader shall be required to provide evidence of progress toward fulfillment of his or her plan including a narrative account detailing plan goals and their achievement; and documentation of professional growth activities such as school-based learning activities; training; university coursework; action research; and study groups. Study groups may include school, district, county, and/or State associations and organizations, school and district collaborative teams, and virtual learning communities.
Professional Development for Teachers

To meet the state professional development requirements, each teacher shall be guided by an individualized professional development plan (PDP), which shall include at least 20 hours per year of qualifying activities. The 20-hour annual requirement shall be reduced by a pro rata share reflecting the use of family or medical leave. It is the individual teacher’s responsibility in accordance with district policies, to assure that a teacher meets the professional development requirement. There is no mandated financial obligation on the part of the district.

The content of each PDP shall be developed by each teacher’s supervisor in consultation with the teacher and shall align with the Professional Standards for Teachers in N.J.A.C.6A:9-3.3 and the Standards for Professional Learning in N.J.A.C.6A:9C-3.3. The PDP shall be effective for one year and shall specify, at a minimum:

A. One area for development of professional practice derived from the results of observations and evidence accumulated through the teacher’s annual performance evaluation;

B. As appropriate, an additional area for development of professional practice aligned to the teacher’s role as a member of his or her collaborative professional learning team. The professional learning team consists of teachers, school leaders, and other administrative, instructional, and educational services staff members who commit to working together to accomplish common goals and who are engaging in a continuous cycle of professional improvement focused on:

1. Evaluating student learning needs through ongoing reviews of data on student performance; and

2. Defining a clear set of educator learning goals based on the rigorous analysis of these data

C. As appropriate, an additional area for development of professional practice aligned with school and/or district improvement plans and goals; and

D. Any requirements for professional development stipulated elsewhere in statute or regulation.

The progress of each teacher in meeting the goals of the PDP must be determined annually and aligned to the district process for teacher evaluation. Progress on the PDP must be discussed during a minimum of one annual conference between teacher and his or her supervisor. Each teacher shall provide evidence of progress toward meeting the requirements of his or her individual PDP, and this evidence must be reviewed as part of each conference. The PDP shall be revised at a minimum annually but may be adjusted as necessary to support the teacher’s progress. All teachers shall have an individual PDP within 30 instructional days of the beginning of their respective teaching assignments.

A teacher’s individual PDP goals may necessitate more than the recommended minimum requirements. The PDP shall accommodate additional professional development as necessary. Additional hours of qualifying activities may be required for teachers in low-performing schools, as determined by the Commissioner.
The board of education shall ensure that all teachers receive the necessary opportunities, support, and resources to engage in ongoing professional learning and to compete the requirements of their respective PDP’s.

School-Level Professional Development Plans

The principal shall oversee the development and implementation of a plan for school-level professional development. The school-level professional development plan shall include a description of school-level and team-based professional learning aligned with identified school goals, and teacher and student learning needs. The school-level plans shall become part of the district professional development plan reviewed by the board of education.

The principal shall ensure that all teachers receive the necessary opportunities, support, and resources to complete professional development requirements.

District-Level Professional Development Plans

The superintendent or his or her designees shall oversee the development and implantation of plans to address the districts’ professional development needs. (School districts sending to the same middle and/or high school may form a regional consortium to develop one district-wide plan based on the sending schools’ plans.)

The superintendent shall (N.J.A.C. 6A:9C-3.6):

A. Review school-level professional development plans;

B. Assess the learning needs of students, teachers, and school leaders based on educator evaluation data, school-level plans, and data from school and district-level performances;

D. Develop and update, as necessary, the district mentoring plan for new teachers (board policy 4112.2 Certification and N.J.A.C. 6A:9B-8.4).

The superintendent shall review the district plan annually to assess its effectiveness and revise it as necessary to meet the district’s learning goals for students, teachers, and school leaders. The district plan shall provide information on school-level and district-wide professional development opportunities, the resources being allocated toward their support, and a justification for the expenditures. The district plan shall also include any professional development required by statue or regulation.

The superintendent shall be responsible for the content and implantation of the district professional development plan. The superintendent shall present the plan to the board of education to review for fiscal impact.
The board of education reserves the right to deny any plan that fails to advance district goals and objectives; is not conducive to student achievement of the Core Curriculum Content Standards including the Common Core State Standards; or contravenes current negotiated agreements, other board policies, student safety and well-being, continuity of the instructional program, or budgetary constraints.

Staff participation that may require release time and/or financial reimbursement from the board will be determined by the board of education after recommendation by the superintendent.

Staff members who participate in out-of-district programs at board expense shall submit a written report highlighting the main thrust and ideas observed by the participant.

Mandated Inservice Programs

The superintendent shall arrange development of appropriate inservice presentations, seminars and/or workshops on equity issues, special education, child abuse and neglect, drug/alcohol abuse awareness, handling blood and body fluids, possible hazardous substances in the workplace, crises response, school violence and other topics specifically required by federal or New Jersey law. ATTENDANCE, ABSENCES, AND EXCUSES

The Roselle Park Board of Education believes that the regular attendance of students in each class and in school in general is critical to its educational mission. The district shall endeavor to achieve the ninety percent (90%) attendance rate required by the New Jersey Quality Single Accountability Continuum (NJQSAC). Continuity of instruction is an essential element in student performance and allows students the greatest opportunity to succeed at meeting the state learning standards in the Core Curriculum Content Standards. The superintendent shall oversee the development of effective strategies that maximize student attendance at all scheduled periods of actual instruction or supervised study activities and strive to:

A. Encourage good attendance;
B. Discourage unexcused absences;
C. Identify patterns of absence, tardiness and early departures from school; and
D. Intervene to prevent and correct problems with attendance.

Attendance

A day in session for purposes of attendances shall be a day on which the school is open and students are under the guidance and direction of a teacher engaged in the teaching process. Days on which school is closed for such reasons as holidays, teachers’ institutes and inclement weather shall not be considered as days in session.

A school day shall consist of not less than four hours of actual instruction. One continuous session of two and one-half hours may be considered a full day in kindergarten.

A day of attendance shall be one in which a student is present for the full day under the guidance and direction of a teacher while school is in session. Where there are two sessions in a day due to overcrowding, either session of four hours or more, exclusive of lunch or recess, shall be equivalent of a full day’s attendance.

A student shall be recorded as absent in the school register when not in attendance at a session, except students excused due to religious holidays who shall be recorded as excused. An excused absence for any reason other than due to religious holidays shall not be counted as a day of attendance in the school register.

The mere presence of a student at roll call shall not be regarded as sufficient attendance for compliance with law (N.J.A.C. 6A:32-8.3 – School Attendance). In a school which is in session during both the forenoon and the afternoon, a student shall be present at least one hour during both the forenoon and the afternoon in order to be recorded as present for the full day. In a school which is in session during either the forenoon or the afternoon, a student shall be present at least two hours in the session in order to be recorded as present for the full day.
A student not present in school because of his or her participation in an approved school activity, such as a field trip, meeting, cooperative education assignment, or athletic competition will be considered to be in attendance.

**Excused and Unexcused Absence**

An absence shall be considered an "excused absence" for the purpose of determining promotion, retention, truancy, grades, course credit, eligibility to make up missed assignments and tests for full credit, and violations of the school code of conduct for attendance, for the following reasons:

**A. The student’s illness;**

1. Requirements of a student’s individual health care plan;
2. A death or critical illness in the student’s immediate family, or others with permission of principal;
3. Quarantine;
4. Observance of the student’s religion on a day approved for that purpose by the State Board of Education;
5. The student’s suspension from school;
6. Requirements of the student’s Individualized Education Program (IEP);
7. Alternate short or long term accommodations for students with disabilities;
8. The student’s required attendance in court;
9. Interviews with an admissions officer of an educational institution;
10. Necessary and unavoidable medical or dental appointments that cannot be scheduled at a time other than the school day;
11. Such good cause as may be acceptable to the principal.

Attendance need not always be within the school facilities. A pupil will be considered to be in attendance if he/she is present at any place where school is in session by authority of the board. The board shall consider each pupil assigned to a program of independent study, with parent/guardian permission, to be in regular attendance for that program, provided that he/she is under the guidance of a staff member so assigned, reports daily or weekly, as prescribed, to such staff member the place in which he/she is conducting his/her study, and regularly demonstrates progress toward the objectives of his/her course of study.

**B. An “unexcused absence” is a student’s absence for all or part of a school day for any reason other than those listed as excused absences in “A” above. An excused absence may be counted toward retention, truancy, loss of course credit, ineligibility to make up missed assignments and tests for full credit, and violations of the school code of conduct for attendance. Absence is expressly not excused for any of the following reasons (this list is intended to be illustrative and is not inclusive):**

1. Family travel;
2. Performance of household or babysitting duties;
3. Other daytime activities unrelated to the school program.
ATTENDANCE, ABSENCES AND EXCUSES (continued)

C. "Truancy" is a student’s absence from all or a part of the school day without the knowledge of the student’s parent. A student between the ages of six and sixteen will also be considered truant if he or she:

1. Has accumulated unexcused absences of 10 or more;
2. Leaves school without permission when school is still in session;
3. Leaves class because of illness and does not report to the school nurse as directed; or
4. Being present in school but is absent from class without approval. Such absence from class is a "class cut."

Tardiness

The orderly conduct of class activity depends upon the prompt and precise beginning of the program. Tardiness hinders the proper conduct of school activity. Students are expected to arrive to school and class on time. A student who is tardy to any class will be subject to disciplinary action as outlined in board policy 5131 Conduct and Discipline and the student code of conduct. Consequences for accumulated occurrences of tardiness may include detention, loss of credit and an unexcused school day absence.

Attendance

In order for the board of education to fulfill its responsibility for providing a thorough and efficient education for each student, the complete cooperation of parents/guardians and students is required to maintain a high level of school attendance.

The frequent absence of students from classroom learning experiences disrupts the continuity of the instructional process and limits the ability of students to complete the prescribed curriculum requirements successfully. The following rules shall apply for student absences:

A. A student shall be considered absent from class for tardiness in excess of one half of the total class period.

B. A student shall be considered absent from school for participation in less than 4 instructional hours during the school day.

A pupil must be in attendance for 164 or more school days in order to be considered to have successfully completed the instructional program requirements of the grade/course to which he/she is assigned. A semester course requires 82 days and a marking period course requires 41 days.

A waiver of these attendance requirements may be granted for good cause by the school principal upon recommendation of a review committee, appointed by him/her, and consisting of representative staff, including pupil service personnel and classroom teachers.
ATTENDANCE, ABSENCES AND EXCUSES (continued)

In recommending the granting of a waiver of this attendance requirement, the review committee shall consider the nature and causes of all absences. Documentation of the nature and causes of these absences shall be the responsibility of the pupil and parent/guardian. The absence of documented parent/guardian notes, doctor’s notes, and other records that verify that an absence was excused according to board policy, shall be considered unexcused. Unexcused absences shall count toward truancy and may be subject to loss of grade or course credit toward promotion or graduation and disciplinary actions according to the code of student conduct. Notes from parents/guardians shall be considered but the district may require additional documentation such as a doctor’s notes or other official records to verify the note.

Parents/guardians are responsible for notifying the school early in the day when a child will be absent and for informing the school in writing of the reason for the absence.

Procedures for Unexcused Absences

When a student fails to report to class or school accumulating up to four unexcused absences, the district shall:

A. Make a reasonable attempt to notify the student’s parents/guardians of each unexcused absence prior to the start of the following school day;

B. Make a reasonable attempt to determine the cause of the unexcused absence, including through contact with the student’s parents;

C. Identify in consultation with the student’s parents needed action designed to address patterns of unexcused absences, if any, and to have the child return to school and maintain regular attendance.

D. Follow all procedures according to law and board policy 5142 Safety and 5141.4 Child Abuse and Neglect if a potential missing or abused child situation is detected;

E. Cooperate with law enforcement and other authorities and agencies, as appropriate.

If contact through these means is unsuccessful the district may follow-up with another attempt to contact the parents/guardians or send a letter reporting the unexcused absence and requesting the parent/guardian to contact the school.

Procedures for Persistent Absences

If a pattern of unexcused absences continues and five to nine unexcused absences are accumulated the district shall:

A. Make a reasonable attempt to notify the student’s parents/guardians of each unexcused absence prior to the start of the following school day;

B. 
C. Make a reasonable attempt to determine the cause of the unexcused absence, including through contact with the student's parents to address patterns of unexcused absences previously;

D. Evaluate the appropriateness of action taken as identify in consultation with the student’s parents;

E. Develop an action plan to establish outcomes based upon the student’s patterns of unexcused absence and to specify the interventions for supporting the student’s return to school and regular attendance, which may include any or all of the following:

1. Referral or consult with the building’s intervention and referral services team;

2. Conduct testing, assessments or evaluations of the student’s academic, behavioral and health needs;

3. Consider an alternate educational placement;

4. Make a referral to or coordinate with a community-based social and health provider agency or other community resource;

5. Refer to the court or a court program as follows:
   a. When the unexcused absences are determined to be violations of the compulsory education law and board policy;
   b. When there is evidence of a juvenile-family crisis the student may be referred to Superior Court, Chancery Division, Family Part." Juvenile-family crisis" pursuant to N.J.S.A. 2A:4A-22(g) means behavior, conduct or a condition of a juvenile, parent or other family member which presents or results in a threat to wellbeing and safety of the juvenile, serious conflict regarding the juvenile’s conduct, unauthorized absence from home, pattern of unauthorized absence from school, or human trafficking;

6. The implementation of all required procedures for potential abuse, neglect or missing child including cooperation with law enforcement and other authorities and agencies, as appropriate;

7. Engage the student's family.

Discipline

All discipline regarding the attendance of students shall be consistent with the board policy 5131 Conduct and Discipline and the code of student conduct. Consequences for absences may include:

A. Students may be denied participation in co-curricular activities if their attendance fails to meet the standards set forth herein;
ATTENDANCE, ABSENCES AND EXCUSES (continued)

B. Students may be denied participation in athletic competition if their attendance fails to meet the
standards set forth herein;

C. Loss of partial or total course credit;

D. Detention or suspension.

No student who is absent from school for observance of a religious holiday or other excused absence
shall be disciplined and/or deprived of any award or of eligibility for or opportunity to compete for any
award because of the absence.

Students, parents and guardians shall be notified of disciplinary actions for attendance including loss of
credit and may appeal this determination through the procedure as set forth in board policy 5145.6
Student Grievance Procedure.

Truancy

For cumulative unexcused absences of 10 or more, the student between the ages of six and 16 is truant,
pursuant to law. The district shall:

A. Make a determination regarding the need for a court referral for the truancy;

B. Make a reasonable attempt to notify the student’s parents of the mandatory referral;

C. Continue to consult with the parent and the involved agencies to support the student’s return to
school and regular attendance;

D. Cooperate with law enforcement and other authorities and agencies, as appropriate;

at School and other applicable state and federal statutes.

1. An attendance officer who finds a truant child, shall take the child and deliver him/her to the
parent/guardian or other person having charge and control of the child, or to the teacher of the school
which such child is lawfully required to attend;

2. The attendance officer shall examine into all violations and shall warn the child, the
parent/guardian or other person having charge and control of the child of the consequences of the
violation if persisted in;

3. The attendance officer shall notify the parent/guardian or other person having charge and control
of the child in writing, to cause the child to attend school within five days from the date on which
notice is served, and regularly thereafter;

4. The attendance officer shall have full police power to enforce the provisions of this article and
may arrest without warrant any vagrant child or habitual truant or any child who is habitually
incorrigible or who is vicious or immoral in conduct or illegally absent from school;

ATTENDANCE, ABSENCES AND EXCUSES (continued)

In any such proceeding, the summons issuing therein, or in special circumstances a warrant, shall be directed to the alleged disorderly person and the child.

Unexcused Absences for Students in Special Education

The attendance guidelines, discipline and remedial measures set forth in this policy shall apply to classified students where appropriate and in accordance with the student's:

A. Individualized Education Program (IEP);
B. The Individuals with Disabilities Act (IDEA);
C. Procedural protections set forth in N.J.A.C. 6A:14;
D. Alternate short or long term accommodations for students with disabilities as required by law;
E. Requirements of a student’s individual health care plan and individualized emergency healthcare.

District Sending and Receiving Relationships

The receiving school shall report attendance problems to the sending district responsible for the student. Following five or more cumulative unexcused absences school officials from the sending district shall proceed in accordance with the sending district's board attendance policy and procedure.

Regular Release of Pupils Before the End of the Normal School Day

There are varying situations which may justify release of certain pupils from school before the normal time for closing. Such situations are justifiable only if the release does not jeopardize the pupil's educational program and the reasons for such release can be shown to have positive benefits for the pupil.

Late Arrival and Early Dismissal

The board recognizes that from time to time compelling circumstances will require that a pupil be late to school or dismissed before the end of the school day.

As agent responsible for the education of the children of this district, the board shall require that the school be notified in advance of such absences by written request of the pupil's parent/guardian, which shall state the reason for the tardiness or early dismissal. Justifiable reasons may include:

A. Medical or dental appointments which cannot be scheduled outside of school hours;
B. Requirements of a student’s individual health care plan and individualized emergency healthcare plan;
ATTENDANCE, ABSENCES AND EXCUSES (continued)

C. Requirements of the student’s Individualized Education Program (IEP);

D. Alternate short or long term accommodations for students with disabilities;

E. Medical disability;

F. Motor vehicle driver’s test;

G. Interview for college entrance or employment;

H. Family emergency;

I. Court appearance;

J. Such good cause as may be acceptable to the administration.

No pupil in grades kindergarten through eight shall be permitted to leave the school before the close of the school day unless he/she is met in the school office by his/her parent/guardian or a person authorized by the parent/guardian to act in his/her behalf.

Tardiness not covered by the causes listed shall be cumulative, and may affect course credit.

Legal Custody

A record shall be kept indicating the legal custodian of each pupil. Such custodian shall be responsible for informing the board of any change in the pupil's custodian. The principal may take such steps as seem necessary to ensure that the child is released only to the proper legal custodian.

B. If no telephone contact can be made, the attendance officer shall investigate;

C. If the attendance officer cannot locate the child, he/she shall inform the principal, who shall inform the appropriate local authorities;

D. If a child who was present in the morning is absent after lunch, the same procedure shall be followed.
ATTENDANCE, ABSENCES AND EXCUSES (continued)

Marking Missing Child's School Record

Whenever the superintendent receives notice from the Missing Persons Unit that a child has been reported missing, he/she shall mark the child's records in such a way that whenever a copy of or information regarding the record is requested, district personnel will be aware that the record is that of a missing child. If a copy of a marked school record is requested, the superintendent shall supply the record to the requestor without alerting him/her to the fact that the record has been marked, according to provisions in code and statute on accessing pupil records (see policy 5125 Pupil Records). After the superintendent has complied with the request for copies of records or information, he/she shall immediately report the inquiry or any knowledge as to the whereabouts of the missing child to the Missing Persons Unit.

POLICY
Roselle Park Board of Education
Roselle Park, New Jersey

File Code: 5114

SUSPENSION AND EXPULSION

While the Roselle Park Board of Education believes that positive approaches to acceptable behavior are usually more effective, it is sometimes necessary to penalize pupils for violations of school regulations to ensure the good order of the school and to teach pupils the consequences of disruptive behavior.

Pupils who indulge in disruptive behavior may be suspended or expelled. Disruptive behavior includes, but is not limited to:

A. Continued and willful disobedience;
B. Open defiance of the authority of any teacher or person having authority over a pupil;
C. Actions that constitute a continuing danger to the physical well-being of other pupils;
D. Physical assault upon another pupil, a teacher, or any school employee with or without a firearm or other weapon;
E. Taking, or attempting to take, personal property or money from another pupil whether by force or fear;
F. Willfully causing, or attempting to cause, substantial damage to school property;
G. Taking part in any unauthorized occupancy of a district facility and refusing to leave promptly when directed to do so by a person in authority;
H. Inciting others to take part in an unauthorized occupancy;
I. Inciting other pupils to truancy;
J. Truancy and class cutting; leaving school property without permission;
K. Poor attendance and lateness;
L. Use or possession of unsafe or illegal articles;
M. Use of any tobacco product on school property;
N. Use, possession or sale of a controlled dangerous substance, drug paraphernalia, anabolic steroids or alcohol;
O. Use of profanity or abusive language;
SUSPENSION AND EXPULSION (continued)

P. Turning in a false alarm;

Q. Tampering with or damaging property of other pupils or staff members;

R. Selling or buying lottery tickets or any other gambling paraphernalia on school property;

S. Harassment, intimidation and bullying;

Any pupil who commits an assault, (as defined by N.J.S.A. 2C:12-1), with or without a weapon upon board member, teacher, administrator, or other employee of the Board of Education shall be suspended from school immediately according to procedural due process, and suspension or expulsion proceedings shall begin no later than 30 calendar days from the date of the pupil’s suspension.

Any pupil who is convicted or adjudicated delinquent for possession of a firearm or a crime while armed with a firearm or found in possession of a firearm on any school property or on a school bus or at a school-sponsored function shall be immediately removed from the school’s regular education program for a period less than one year. The superintendent may modify this suspension on a case-by-case basis. Each pupil so removed shall be placed in an alternative educational program or on home instruction and shall be entitled to a hearing before the Board. The hearing shall take place no later than 30 days following the day the pupil is removed from the regular education program and shall be closed to the public.

The principal shall be responsible for the removal of such students and shall immediately report them to the superintendent. The principal shall also notify the appropriate law enforcement agency of a possible violation of the New Jersey Code of Criminal Justice.

The superintendent shall determine at the end of the year whether the student is prepared to return to the regular education program, in accordance with procedures established by the Commissioner of Education.

In-school Suspension

The Board directs the administration to arrange facilities for in-school suspension whenever possible. Pupils will be required to occupy themselves with school-related work during such suspensions. No socializing shall be permitted. Pupils shall be counted as present in school but absent (excused) from individual classes.

General

Pupils on home suspension shall be counted absent (excused) unless the duration of the suspension requires home instruction.

Except where special considerations warrant (at the discretion of the administration), every pupil will be given a written warning in the form of a disciplinary notice that subsequent violation of school regulations may result in his/her exclusion or suspension.
SUSPENSION AND EXPULSION (continued)

Pupils under suspension are prohibited from participating in or attending any school-regulated activity during the period of their suspension. They may not enter the school buildings or grounds of this district without permission of the superintendent. Any pupil under suspension who enters the school buildings or grounds without permission of the superintendent may have the period of his/her suspension extended. The right to continue the suspension or to expel is reserved to the Board, acting upon the recommendation of the administration.

Serious violations of school regulations which create a dangerous or unsafe condition for other pupils shall cause a pupil to be suspended upon the first offense.

Making up Missed Work

Pupils who are under suspension will be required to make up all assignments missed during the period of their suspension and will be given adequate opportunity to make up this work.

Upon their remission, failure to complete the makeup assignments will result in a meeting with the parents/guardians. The superintendent will notify parents/guardians by telephone and send a letter regarding the telephone conversation immediately.

Procedures

The administration shall establish, and the Board shall approve, specific procedures for dealing with suspension cases. Regulations ensuring due process to all pupils before a suspension is imposed shall be developed with the advice of the board attorney and shall include at least:

A. Informing the pupil of the charges against him/her;
B. Giving the pupil a chance to reply to them.

These regulations shall also include safeguards for the dismissal of pupils suspended from school, procedures for calling an immediate conference with parents/guardians, limitations on the length of suspensions, and specifics for the reinstatement of pupils.

Every effort shall be made to adjust each suspension promptly so that the pupil can be returned to school with a minimum loss of school time and school work.

When the superintendent imposes a suspension, he/she must report it to the Board. No suspension for reasons other than assault upon a teacher, administrator, board member or other board employee may continue beyond the second regular meeting of the Board following the suspension without Board action. No suspension for assault upon a teacher, administrator, board member or other teacher, administrator, board member or other may be continued beyond 30 days without Board action. A suspended pupil may be reinstated by the superintendent before Board action.
Each pupil shall be afforded an informal hearing before the suspension or, if circumstances prohibit, as soon as possible after the suspension except that, when extraordinary circumstances involving the health and safety of the pupil or others in the school require immediate exclusion, the hearing may be delayed to such time as circumstances permits. Pupils suspended for a period of time longer than a short-term suspension shall be afforded a formal hearing before the Board which shall take place not later than the second regular meeting of the Board following the suspension. If the offenses involves a weapon or assault with or without the weapon (as described above), the hearing shall take place not later than 30 days after suspension occurs.

The board shall make a decision within five days of the closing of the hearing. Any appeal of the Board's decision shall be made to the Commissioner of Education within 90 days of the Board's decision.

The Board requires that such hearings shall be closed to the public, but should all parties thereto agree, the hearing may be publicly held. Each suspended pupil who has requested a formal hearing shall be restored to regular educational program pending the outcome of the hearing, except when, in the opinion of the superintendent, the presence of the pupil in school poses such a danger to himself/herself or others as to warrant continued absence.

Each such pupil suspended from the schools of this district shall receive individual instruction commencing not later than five working days after the suspension occurs, except that the Board may, on the recommendation of the superintendent, assign the pupil to an alternate educational program to meet his/her particular needs (policy 6172 Alternative Education).

Expulsion

The Board will consider expulsion only if:

A. The superintendent with his/her staff have exhausted all means of bringing about a correction of repeated misconduct; or

B. The nature of a single act presents such a clear possibility of danger to others that immediate definitive action is indicated.

The parents/guardians of the pupil shall be interviewed, if possible, and advised of the reasons why expulsion is being considered, of the rights of the pupil to a full hearing which will afford him/her procedural due process, and the right of parents/guardians to appeal to the superintendent.

The child shall remain out of school until either:

A. An appeal made to the superintendent is decided in the child's favor; or

B. The appeal (if made) has been denied and the Board has met to hear the superintendent's recommendation.
SUSPENSION AND EXPULSION (continued)

If the Board determines that the charges, if true, may warrant expulsion, the board will set a date for the hearing. The board attorney will arrange for the giving of legal notice to all parties concerned for the preparation and presentation of evidence in support of the charges at the hearing.

The pupil must receive:

A. Notification of the charges against him/her;
B. The names of the adverse witnesses;
C. Copies of the statements and affidavits of those adverse witnesses;
D. The opportunity to be heard in his/her own defense;
E. The opportunity to present witnesses and evidence in his/her own defense;
F. The opportunity to cross-examine adverse witnesses; and
G. The opportunity to be represented by counsel.

Juvenile authorities and law enforcement agencies shall be notified or consulted if necessary.

If a pupil younger than 18 years of age is expelled, the Board shall continue to supply an educational program for him/her.

Implementation

The superintendent shall develop detailed written procedures to implement this policy. He/she shall ensure uniform and consistent application of the policy and shall report to the Board as required on its effectiveness.

When an alternative educational program is provided for a pupil identified as disruptive but not disabled, the superintendent shall inform the Board.

CONDUCT/DISCIPLINE

The Roselle Park Board believes that an effective instructional program requires an orderly school environment and that the effectiveness of the educational program is, in part, reflected in the behavior of students.

The Board of Education expects students to conduct themselves in keeping with their level of maturity, with a proper regard for the rights and welfare of other students, for school personnel, for the educational purpose underlying all school activities, and for the care of school facilities and equipment. Students are required to conform to reasonable standards of socially acceptable behavior; respect the person; property and rights of others; obey constituted authority and respond to those who hold that authority.

The Board of Education believes that standards of student behavior must be set cooperatively by interaction among the students, parents/guardians, staff and community, producing an atmosphere that encourages students to grow in self-discipline. Such an atmosphere must include respect for self and others, as well as for district and community property.

Board policy requires each student of this district to adhere to the rules and regulations established by the administration and to submit to such disciplinary measures as are appropriately assigned for infraction of those rules. The superintendent shall provide to students and their parents/guardians the rules of this district regarding student conduct and the sanctions that may be imposed for breach of those rules. Provisions shall be made for informing parents/guardians whose primary language is other than English.

The superintendent shall establish the degree of order necessary to the educational program in which students are engaged.

**Code of Conduct**

The superintendent shall oversee the development of and the Board shall approve a code of student conduct which establishes standards, policies and procedures for positive student development and student behavioral expectations on school grounds, including on a school bus or at school sponsored functions. The code of conduct shall be based on parent/guardian, student and community involvement, and locally determined core ethical values. The superintendent has the right and authority to impose a consequence on a student for conduct away from school grounds that is consistent with the Board’s approved code of student conduct, pursuant to N.J.A.C. 6A:16-7.1 and N.J.A.C. 6A:16-7.5.
This authority shall be exercised only when it is reasonably necessary for the student's physical or emotional safety, security and well-being or for reasons relating to the safety, security and well-being of other students, staff or school grounds, pursuant to N.J.S.A. 18A:25-2 and 18A:37-2, and when the conduct which is the subject of the proposed consequence materially and substantially interferer with the requirements of appropriate discipline in the operation of the school. The Board shall direct development of detailed regulations suited to the age level of the students and the physical facilities of the individual schools.

The district code of conduct shall contain:

C. A description of student responsibilities that includes expectations for academic achievement, behavior and attendance;

D. A description of behaviors that will result in suspension or expulsion;

E. A description of the student’s rights to:
   1. Advanced notice of behaviors that will result in suspensions or expulsions;
   2. Education that supports student development into productive citizens;
   3. Attendance in safe and secure school environment;
   4. Attendance in school irrespective of marriage, pregnancy or parenthood;
   5. Due process and appeal procedures in accordance with law and board policy;
   6. Parent notifications consistent with board policy and law enforcement interviews (5145.11 Questioning and Apprehension), short-term and long-term suspension (5114 Suspension and Expulsion), due process and appeal procedures, and attendance (5113 Attendance, Absences and Excuses);
   7. Records and privacy protections (5125 Student Records).

F. A description of behavioral supports that promote positive student development and assist each student in fulfilling the district behavioral expectations established including intervention and referral services, remediation, and intervention and supports services for students with disabilities;

G. A description of graded responses to violations of the code of conduct that includes remediation, is consistent with law concerning corporal punishment, and is consistent with laws and board policies concerning violence/vandalism (5131.5) and, weapons and dangerous instruments (5131.7);

H. Cover the board attendance policy (5113) and the harassment, intimidation and bullying policy (5131.1);

I. Lists community-based health and social service providers, and local legal resources.

Student Behavioral Infractions
Students who display chronic behavioral or academic problems may be referred to the child study team by the superintendent for an evaluation to determine disability or the need for other services. Such referrals shall be in strict accordance with the due process regulations prescribed by the administrative code. Students so identified shall be provided with appropriate programs and services as prescribed by the child study team.
A student whose presence poses a continuing danger to persons or property, or an ongoing threat of disrupting the academic process, may be suspended in accordance with N.J.A.C. 6A:16-7.1 and N.J.A.C. 6A:16-7.2, N.J.A.C. 6A:16-7.3 or expulsion in accordance with N.J.A.C. 6A:16-7.4, following due process. However, one incident alone is not sufficient cause for an expulsion.

Any student who commits an assault (as defined by N.J.S.A. 2C:12-1) upon a board member, teacher, administrator or other employee of the Board of Education shall be suspended from school immediately according to procedural due process, and suspension in accordance with N.J.A.C. 6A:16-7.1 and N.J.A.C. 6A:16-7.2, N.J.A.C. 6A:16-7.3 or expulsion in accordance with N.J.A.C. 6A:16-7.4. However, one incident alone is not sufficient cause for an expulsion. Proceedings shall begin no later than 30 calendar days from the date of the pupil's suspension.

Substance Abuse

In accordance with statute and code, penalties shall be assigned for use, possession and distribution of proscribed substances and drug paraphernalia. The penalties shall be graded according to the severity of the offense in accordance with policy 5131.6 Substance Abuse. Infractions shall be reported to the local law enforcement agency in accordance with the district's memorandum of agreement. Confidentiality shall be protected in accordance with federal and state law.

Weapons Offenses

Any student who is convicted or adjudicated delinquent for possession of a firearm or a crime while armed with a firearm or found knowingly in possession of a firearm on any school property or on a school bus or at a school-sponsored function shall be immediately removed from the school's regular education program for a period of not less than one calendar year. The superintendent may modify this suspension on a case-by-case basis. Each student so removed shall be placed in an alternative educational program or on home instruction pending alternative education program placement and shall be entitled to a hearing before the Board. The hearing shall take place no later than 30 days following the day the student is removed from the regular education program and shall be closed to the public.

The principal shall be responsible for the removal of such students and shall immediately report them to the superintendent. The principal shall also notify the appropriate law enforcement agency of a possible violation of the New Jersey Code of Criminal Justice.

The superintendent shall determine at the end of the year whether the student is prepared to return to the regular education program, in accordance with N.J.A.C. 6A:16-5.5(i).

Teaching staff members and other employees of this board having authority over students shall take such lawful means as may be necessary to control the disorderly conduct of students in all situations and in all places where such students are within the jurisdiction of this board.
CONDUCT/DISCIPLINE (continued)

Harassment, Intimidation or Bullying

The Board expects all students to treat each other with civility and respect and not to engage in behavior that is disruptive or violent. This type of behavior interferes with a student's ability to learn and a school's ability to educate its students in a safe environment. Therefore, the school district will not tolerate acts of harassment, intimidation or bullying.

The Board prohibits acts of harassment, intimidation or bullying against any student in accordance with board policy 5131.1 Harassment, Intimidation and Bullying, and law.

“Harassment, intimidation or bullying” is defined as any gesture, any written, verbal or physical act, or any electronic communication, whether it be a single incident or a series of incidents, that is reasonably perceived as being motivated either by any actual or perceived characteristic, such as race, color, religion, ancestry, national origin, gender, sexual orientation, gender identity or expression, or a mental, physical or sensory disability, or by any other distinguishing characteristic, that takes place on school grounds, at any school-sponsored function or on a school bus, or off school grounds in accordance with law, that substantially disrupts or interferes with the orderly operation of the school or the rights of other students and that:

C. A reasonable person should know, under the circumstances, will have the effect of physically or mentally harming a student or damaging the pupil's property, or placing a student in reasonable fear of physical or mental harm to his/her person or damage to his/her property; or

D. Has the effect of insulting or demeaning any student or group of students; or

E. Creates a hostile educational environment by interfering with the student's education or by severely or pervasively causing physical or emotional harm to the student.

“Electronic communication” means a communication that is transmitted by means of an electronic device, including, but not limited to a telephone, cellular phone, computer, or pager, that takes place on school grounds, at any school-sponsored function or on a school bus.

Students with Disabilities

Classified students are subject to the same disciplinary procedures as nondisabled students and may be disciplined in accordance with their IEP. However, before disciplining a classified student, it must be determined that:

A. The student's behavior is not primarily caused by his/her educational disability;

B. The program that is being provided meets the student's needs.

Staff shall comply with state and federal law and the regulations of the New Jersey administrative code in dealing with discipline and/or suspension of all pupils with disabilities.
CONDUCT/DISCIPLINE (continued)

Policy and Procedures Development, Review and Dissemination

The standards and procedures developed to implement this policy shall be aligned with the board approved code of student conduct and accepted board approval core ethical values. Policies standards and procedures shall be based on parent, student and community, in accordance with N.J.A.C. 6A:16-7.1.

This policy shall be reviewed annually and updated along with the code of student conduct. This process shall include:

A. Parent, student and community involvement which represents, where possible, the composition of schools and community;

B. Consideration of the findings of the annual reports of student conduct, suspensions and expulsions; and incidences reported under the Electronic Violence and Vandalism Reporting System.

The superintendent shall annually:

A. Disseminate the code of student conduct to all staff, students and parents;

B. Report on the implementation of the code of student conduct to the Board at a public meeting in accordance with N.J.A.C. 6A:16-7.1(a)5, i-iv;

C. Report to the New Jersey Department of Education on student Conduct, including all student suspension and expulsion and incidences reported under the Electronic Violence and Vandalism Reporting System.

Implementation

The superintendent shall ensure that the rules for this policy are applied consistently with the district’s code of student conduct (N.J.A.C. 6A:16-7) and all applicable laws and regulations and that all disciplinary sanctions are carried out with necessary due process.

This and all related policies shall be reviewed on a regular basis.
